

The Boreal Shores Art Tour

is a free, self-guided driving tour featuring individual artist studios and artist group locations throughout Eastern Manitoba.

Artists are indicated by coloured dots with stop numbers in them. The Tour is an adventure and, like any good adventure, presents a mixture of surprises and challenges.

The locations are a combination of old and new, public, and private spaces. Some are easy to get into and others have stairs. Some have washrooms available; others do not. (Wheelchair accessibility is varied, so please contact ahead for information.)

We have tried our best to guide you from place to place with detailed maps and written instructions, as well as road and location signs.

The artists on the Tour are excited to welcome you to their creative spaces to view their work and learn about their creative processes. Discover a new piece of art for you or your home, and don't forget to check the ads in the brochure for a good place to stop and recharge! As you move from stop to stop, we encourage you to view the beauty of the region and listen to the sounds of the land that inspires the artists.

1 Louise Kress

wood carving
Nestled along Balsam Bay shoreline, Into the Woods with Lou creates hand-carved driftwood into art shaped by forest and water. Each piece reveals its own story, transformed with chisels and knives into one-of-a-kind Creations
